THC and Cannabis-Type Products Compliance Inspection Results

WALLINGFORD POLICE CASE #2025-10388

On Tuesday, May 6, 2025, officers from the Wallingford Police Department's Community Impact Unit, in collaboration with the State of Connecticut's Department of Consumer Protection Services (CPS) Tobacco Division, conducted compliance inspections of establishments selling vape, tobacco, and electronic cigarette products. These inspections were prompted by separate complaints received by both agencies, including reports from School Resource Officers in Wallingford high schools regarding the illegal sale of products containing THC and other cannabis-related items without a dispensary license.

To ensure compliance with state laws prohibiting the sale of cannabis-type products, inspectors reviewed Alien Vape and Smoke, located at 970 N. Colony Rd., and Puff City, situated at 722 N. Colony Rd. Puff City was found to be in compliance with state sales regulations. However, inspectors discovered that Alien Vape and Smoke was selling a significant quantity of THC vape products and other cannabis-related items, including THC-infused gummies, pre-rolled marijuana joints, and loose-leaf marijuana. These items were seized as evidence.

This investigation is open and active. If you have any information regarding Alien Vape and Smoke or other locations selling illegal products, please contact the Wallingford Police Department's Community Impact Unit at (203)294-2820 or the State of Connecticut Department of Consumer Protection Services (CPS) at (860)713-6300.
